Buster Jerk

Buster Jerk® is an extremely versatile pike catching machine. Deadly side-to-side action with hot "belly flash". This is also a great lure to crank. Rip, twitch, pull, or jerk ..just remember to pause in any combination. Great lure all season long. It's the easiest and best glide lure you've ever worked!

EG-138

Bandit Tail

Bandit Tail is a new hot "pike-catching machine" from Strike Pro. Very easy to use and can't be fished wrong. Slow sinking and excellent side-to-side action. The added attraction of a soft plastic tail plus the slight rolling of the bait at the end of each glide produces an incredible action and belly flash. On the pause the replaceable tail continues to flutter generating a life-like triggering mechanism.

The Bandit Tail can be worked fast or slow. When cranking, it presents a wide sweeping action in the water. Excellent for pike and other predators all season long!

EG-153

Gill Raker

Strike Pro continues to lead the way in lure design with the new Gill Raker lure. This 11cm lure imitates perfectly many types of small baits that Freshwater and Estuary species prey upon.

A bible's multi-jointed lure with rubber fin and tail and lifelike eyes, red gill plates and superb action, the Gill Raker will be a success in fishing many waters throughout the world.

A perfect bait imitation combined with the re-know Strike Pro finish the Gill Raker both looks real and swims like a real bait. Predators will find this lure irresistible indeed!

EG-050

Baby Buster

Baby Buster is an extremely versatile predator catching machine. Deadly side-to-side action with hot "belly flash". This is also a great lure to crank. Rip, twitch, pull, or jerk ...just remember to pause in any combination. Great lure all season long. It's the easiest and best glide lure you've ever worked!

Salmonid Minnow

Without doubt, one of the most lifelike lures ever produced! The new Strike Pro Salmonid Minnow is a 14cm bibless lure that looks so lifelike, fish will find this lure hard to resist. Perfectly balanced, the Salmonid Minnow looks real in every way and has action and performance to match. Featuring rubber fins and tail, live eyes, internal sonic rattle, and double jointed for lifelike action, this new Salmonid Minnow sets a new benchmark in lure design and technology. Seeing is Believing!

Twin Minnow

This new lure has been designed and created by our principal Michael Tsai, who is forever developing and thinking of new ideas and better ways to catch fishing using lures. This new Twin Minnow, is specially designed for superior casting, and to imitate small baitfish or school of baitfish. The unusual shape assists casting distance and has a magnificent rolling swim action. Suitable for many species, both fresh and saltwater, these new Twin Minnow will yet again put Strike Pro in the fore of lure innovation in our industry.

Flex X

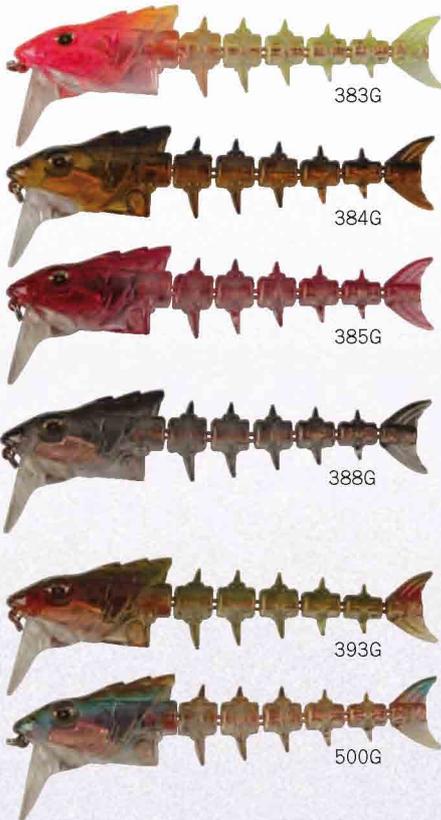

Strike FlexX is an extraordinary innovation in the world of lure fishing. A multiple-jointed crankbait with an outstanding action. A great lure for sea trout and salmon. Deadly all year round!

CODE	MODEL	BODY LENGTH	WEIGHT	HOOK-VMC#	FLOATING	SINKING	SUSPENDING	DEPTH
Flex X								
A4700236	EG-056AL	10,5 cm - 4-1/8"	20,4 gr. - 3/4 oz	9626-PS-4		•		-
A4700237	EG-056BL	12 cm - 4-3/4"	31,6 gr. - 1-1/8 oz	9626-PS-2		•		-

Bonehead

The Bonehead provides longer, eel-like shape which mimics sand eels, grass eels, and other eel shaped creatures. Uses the same "bike chain" joint system found in all Flex Lures and corrosion resistant VMC hooks. Great for Striped Bass on the East Coast, Midwest Lake Trout, Gulf Coast Cobia and Dorado.

Needle Jointed

The Flex X uses the same patented "bike chain" joint system as the Flex Phantom to give this lure a very realistic swimming motion. Because of its minnow shape and wide selection of colors, the Flex X is the most versatile hard plastic lure on the market.
